Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for a distance learning program at the National Flight Academy in fiscal year 2009. The entity to receive funding for this project is the National Flight Academy, located at 1750 Radford Blvd. Suite C, NAS Pensacola, FL 32508. The funding would be used to provide the wiring and hardware components necessary to provide a distance learning capability throughout the National Flight Academy complex. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that this request (1) is not directed to any entity or program named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

With warm personal regards, I am

Sincerely,

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for iris biometric identification technology in fiscal year 2009. The entity to receive funding for this project is the Santa Rosa County Sheriff's Office located at 5755 E. Milton Rd, Milton, FL, 32572. The funding would be used to purchase iris biometric identification technology to better protect the residents of Santa Rosa County. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that this request (1) is not directed to any entity or program named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

With warm personal regards, I am

I am requesting funding for the Gulf Range Mobile Instrumentation Capability project in fiscal year 2009. The entity to receive funding for this project is Prologic, Inc., located at 9400 Innovation Dr. Manassas, VA 20110. The funding would be used to support the 46th Range Group to enable the integration of the simultaneous employment of many advanced weapons/platforms into a single test or exercise/training events. This effort connects test and evaluation ranges that use many communication and data requirements to interact between geographically separated ranges. The result is ranges becoming interconnected and consequently creating a greater training experience I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Eglin Air Force Base Range Operations Center (ROCC) Initiative project for fiscal year 2009. The entity to receive funding for this project is Cubic Defense Applications, located at 1225 South Clark St, Suite 702 Arlington, VA 22202. The funding would be used to help the Air Force and Eglin AFB Improvement Modernization by addressing the movement and control of people and equipment as well as relevant security issues as a result of increased ops tempo. Through this Initiative, the 46th Test Wing will greatly improve its ability to track all players on the Eglin Range, thereby significantly increase its efficiency and ability to meet this increased ops tempo. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that this request (1) is not directed to any entity or program named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

With warm personal regards, I am

Sincerely,

Jeff Miller

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the I-1000 Warhead Demonstration project for fiscal year 2009. The entity to receive funding for this project is General Dynamics Ordinance and Tactical Systems 4565 Commercial Drive, Suite A, Niceville, FL 32578. The funding would be used to help close the "First Night" capability gap in light of the Air Force decision to retire the F-117 fleet. A 1000 pound class penetrating warhead would give the F-22A and F-35 STOVL an internal bay penetrator capability, which these platforms currently do not have. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that this request (1) is not directed to any entity or program named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Air Force Special Operations Command AC/MC 130 Large Aircraft Infrared Countermeasure (LAIRCM) project for fiscal year 2009. The entity to receive funding for this project is L-3 Crestview Aerospace 5486 Fairchild Road, Crestview, FL 32539. The funding would be used to provide aircraft protection from infrared and small arms threats. Additionally, the new system will provide several hundred pounds of weight savings that will translate into greater AC-130 endurance or combat payloads. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that this request (1) is not directed to any entity or program named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Air Force Special Operations Command MC 130 P Large Aircraft Infrared Countermeasure (LAIRCM) project for fiscal year 2009. The entity to receive funding for this project is L-3 Crestview Aerospace 5486 Fairchild Road, Crestview, FL 32539. The funding would be used to provide aircraft protection from infrared and small arms threats. AFSOC MC-130P aircraft are deployed and operating in dangerous man-portable, infrared missile environments. Operational fire hazard constraints presently preclude the tanker aircrews from employing their sole infrared flare protection while at slow speeds and low altitudes aerial refueling helicopters. This system would help protect the aircraft and AFSOC personnel.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that this request (1) is not directed to any entity or program named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.
